

New name . . . new look . . . new scope!

AMERICAN BIRDS

incorporating Audubon Field Notes

The most widely read journal devoted exclusively to the ever-changing status of the birds of Canada and the U.S. General articles and regional summaries of the seasonal distribution, migration, abundance and rare occurrence of North American birds. Six issues per year, including the annual Christmas Bird Count, the Winter-Bird Population Studies, and the Breeding-Bird Census.

One year—\$6.

Two years—\$11.

Single copies \$1.

Christmas Count issue, \$3.50.

AMERICAN BIRDS

National Audubon Society, 1130 Fifth Avenue, New York 10028

THE FIRST COMPLETELY ILLUSTRATED FIELD GUIDE TO THE BIRDS OF MEXICO AND CENTRAL AMERICA

By L. Irby Davis

Color Plates by F. P. Bennett, Jr.

This guide will be an invaluable aid to the birder and field student who travel to Mexico and Central America. The 48 color plates picture over 1000 different kinds of birds and also show many examples of different plumages. Each species resident in Mexico or Central America that is not found in the United States is pictured and discussed; Canadian and American migrants and winter visitors are treated in the text. Voice descriptions facilitate identification in the field.

No. 1. *The John Fielding and Lois Lasater Maher Series*, 300 pp. + 48 color plates, 5 x 8 3/8 inches. Cloth, \$10.00; durable, waterproof, Lexotone binding, \$6.50

available from your bookstore or direct from

reaches 3,200 ornithologists and
600 institutional libraries.

Rates and Space Dimensions for Advertisements in THE AUK

Space	Dimensions	Per Year (4 issues)	Per Issue
4½" × 7½"	Full page	\$325	\$100
½ page	4½" × 3⅝"	200	60
⅓ page	4½" × 2⅝"	130	40
¼ page	4½" × 1¾"	110	35

These are list prices; agencies receive the usual 15 per cent commission. This price list supersedes all previous price lists.

Publication dates: January 30, April 15, July 15, and October 15.

Closing dates: Six weeks in advance of publication date.

Columns to page: One, 26 picas wide.

Column size: 4½" × 7".

Printing process: Letterpress.

Size of half-tone screen: 120.

ABOUT ORNITHOLOGICAL MONOGRAPHS**

ORNITHOLOGICAL MONOGRAPHS

MONOGRAPH No. 1. *A Distributional Study of the Birds of British Honduras*, by Stephen M. Russell. 195 pp., 2 color plates. Price \$4.50 (\$3.60 to AOU members).

MONOGRAPH No. 2. *A Comparative Study of Some Social Communications Patterns in the Pelecaniformes*, by Gerard Frederick van Tets. 88 pp., 49 text figures. Price \$2.00 (\$1.60 to AOU members).

MONOGRAPH No. 3. *The Birds of Kentucky*, by Robert M. Mengel. Cloth bound, 581 pp., 4 color plates plus text figures and vignettes. Price \$10.00 (\$8.00 to AOU members).

MONOGRAPH No. 4. *Evolution of Some Arctic Gulls (Larus): an Experimental Study of Isolating Mechanisms*, by Neal Griffith Smith. 99 pp., 62 text figures. Price \$2.50 (\$2.00 to AOU members).

MONOGRAPH No. 5. *A Comparative Life-history Study of Four Species of Woodpeckers*, by Louise de Kiriline Lawrence. 156 pp., 33 text figures. Price \$3.75 (\$3.00 to AOU members).

MONOGRAPH No. 6. *Adaptions for Locomotion and Feeding in the Anhinga and the Double-crested Cormorant*, by Oscar T. Owre. 138 pp., 56 text figures. Price \$3.50 (\$2.80 to AOU members).

MONOGRAPH No. 7. *A Distributional Survey of the Birds of Honduras*, by Burt L. Monroe, Jr. 458 pp., 2 color plates, 28 text figures. Price \$9.00 (\$7.20 to AOU members).

MONOGRAPH No. 8. *An Approach to the Study of Ecological Relationships of Grassland Birds*, by John A. Wiens. 93 pp., 30 text figures. Price \$2.50 (\$2.00 to AOU members).

MONOGRAPH No. 9. *Mating Systems, Sexual Dimorphism, and the Role of Male North American Passerine Birds in the Nesting Cycle*, by Jared Verner and Mary F. Willson. 76 pp. 1969. Price \$2.50 (\$2.00 to AOU members).

Like all other AOU publications, *Ornithological Monographs* are shipped prepaid. Make checks payable to "The American Ornithologists' Union." For the convenience of those who wish to maintain complete sets of *Monographs* and to receive new numbers immediately upon issue, standing orders will be accepted.

Order from: **Burt L. Monroe, Jr., Treasurer, American Ornithologists' Union, Box 23447, Anchorage, Kentucky 40223**

THE AUK

A Quarterly Journal of Ornithology

ORGAN OF THE AMERICAN ORNITHOLOGISTS' UNION

THE AUK is edited at the Florida State Museum, University of Florida, Gainesville, Florida 32601, by the following staff:

Editor, OLIVER L. AUSTIN, JR.; *Assistant Editor*, FLORENCE A. PETTIS

Associate Editors, JOHN W. HARDY (Reviews) and HERBERT W. KALE, II
(Periodical Literature)

THE AUK welcomes original articles and short notes, not published elsewhere, containing significant new knowledge about birds, or new interpretation of existing knowledge. Address all articles and notes intended for publication and all books intended for review to the editor. For longer articles (ca. 10,000 words or over) a charge for all printed pages above 20 is assessed at actual costs, currently \$36.50 per page.

SUGGESTIONS TO CONTRIBUTORS.—Submit all MSS *in duplicate*. They must satisfy the following minimal requirements: *MSS should be typewritten, double-spaced (especially tables and "literature cited"), on one side of numbered sheets of standard (8½ × 11 in.) bond paper, with at least 1-inch margins all around. Tables (which should be unruled) and legends should be typed on separate sheets. Drawings should be in india ink on good board or drafting paper and lettered by lettering guide or the equivalent. Photographs should be clear, of good contrast, on glossy paper. Illustrations should allow (with particular regard to lettering) for reduction to their final width (usually 4½ in.). Illustrations larger than 8½ × 11 in. are not acceptable and should be reduced photographically to that size or smaller. Designate top of each illustration and identify (on the back with soft pencil) by author's name, title, and figure number.*

Titles should be short and descriptive. MSS should follow the conventions of form observed in articles, general notes, and reviews in THE AUK, with minor variations, since 1965. Avoid footnotes. If more than five works are cited, references in text should relate to a terminal list of "literature cited" (*include no titles not cited*). Where critical matter is cited from longer papers, indicate the pertinent pages, e.g. (Lack, 1947: 96–97). Citations in text should be parenthetical, e.g. (Lack, Darwin's finches, Cambridge, England, Cambridge University Press, 1947: 96–97) or (Auk, 79: 208, 1962). *Verify all citations from original sources unless impossible, in which case so indicate.* For abbreviations in a terminal list of references, authors should use forms stipulated by the Style Manual for Biological Journals (Washington, D. C., Amer. Inst. Biol. Sci., 1964). In other matters of form THE AUK frequently relies on the dicta of the GPO Style Manual.

For bird weights and measurements use metric units. Other measurements should be in the form usual to the discipline of the paper as practiced in the United States. The 24-hour clock (08:00 and 20:30) and "continental" dating (1 July 1971) are preferred. Scientific and (if any) vernacular names of birds should be given upon first mention thereof and should follow the A.O.U. Check-list (1957) or the appropriate equivalent unless departures are explained and defended. Articles more than 10 pages long should include a summary that should not exceed 10 percent of the length of the article.

Proofs of all articles and notes will be sent to authors. Reprints of articles, notes, and other items are to be paid for by the author. These must be ordered from Allen Press Inc. on the blanks sent with the proof.
