

Share the Adventure

... of the birding experience.

Founded in 1926, Swift Instruments Inc. has sponsored* adventures in birding on many fronts. After extensive research with ornithologists on the ideal characteristics needed for bird watching, Swift pioneered binoculars for birders with their Swift Audubon 8.5X,44 in 1960. This tradition has been expanded to create Ideal optics for birders of all ages. Swift offers a complete line of quality binoculars and spotting scopes, utilizing the latest technological advances.

Victory 10x56

It's twilight, with the sighting of a lifetime in range. Victory binoculars were made for this moment. Thanks to patented lens and prism coatings, they transmit more light to the eye. So birds appear brighter in low light. All four Victory models are backed by a lifetime warranty. For a Zeiss retailer near you, call 1-800-338-2984 or visit zeiss.com.

*Based on blue, red and green light transmission tests. Data on file.
